Program Description:

UCAN Academy is an after school program where students and instructors come together to complete school homework, study for upcoming tests, and develop lifelong skills. Our goal is to provide students with the resources they need to do well in school. We also want to alleviate the parent's burden of homework and create more time for parents to focus on and build family relationships. Our program is available to fit your schedule and needs. Students can register for individual days, weeks, or the entire months. Please call or email for more information.
